About Us

"Founded by **Sh. Amritlal Gupta in 1962** as a bamboo trading enterprise, our company has undergone remarkable growth over the decades. The turning point came in 1985 when Mr. Rakesh Gupta joined, spearheading the company's expansion. By 1995, we diversified into eucalyptus trading, and in 2008, we made our mark in the wood trading industry by establishing Jaimata Plywood Company, with Satish and Sanjeev Gupta as directors.

The third generation, led by Shubham Gupta, infused modernization and innovation, culminating in the launch of a Recon manufacturing plant in 2022.

Today, we proudly produce top-quality plywood, block boards, flush doors, and shuttering ply, upholding our commitment to excellence and strong client relationships."
